Dalan ba Hetan Empregu

(Pathways to Employment)

Campaign Partnership Information

Thanks for your interest in joining the Dalan Ba Hetan Empregu Campaign (DBHE).

The campaign is an initiative of the Secretariat of State for Vocational Training and Employment (SEFOPE), Workforce Development Program Timor-Leste (WDPTL) and Governance for Development (GfD).

The campaign has a clear objective:

To help make job creation and training for young people a national priority in the run up to Timor-Leste's National elections in 2022 and 2023.

Why join the campaign?

Youth employment issues are a major concern globally because they affect the welfare of young people and the long-term performance and stability of a nation's economy.

Providing job opportunities for young people in Timor-Leste is already a national priority, with plans and policies in place, but attempts to implement and create jobs have been limited.

By raising this issue to leaders and the public, while simultaneously offering practical ideas from diverse voices the campaign hopes to stimulate a coordinated and sustained response to the issue across government and stakeholders.

By joining the DBHE campaign, you can help raise awareness of the importance of youth employment and highlight the unique perspective of your organisation and its beneficiaries.

Join us and ensure youth employment receives the focus and attention it deserves at a key moment in Timor-Leste's development.

Existing campaign partners include Monash University, youth group Juventude ba Dezenvolimentu National (JDN), the Timor-Leste Australia Alumni Association and more.

What being a partner means

You add your organisation to a growing list of partners committed to supporting youth employment and unemployment reduction in Timor-Leste.

The detail:

What you do:

- Send us your logo to put on the campaign page and other campaign documents (Please send a transparent version of your logo in j.peg format to Johny.Viegas@gfd.tl)
- Send us stories or information from your work that is relevant to the campaign eg. profile of a young person who started a business, data on employment for young people with disabilities (a short video is good)
- Send us your ideas or an opinion piece on employment creation – we can also interview you via phone or face to face
- Promote the campaign through your communication channels eg. send the youth voice survey link to your young people, encourage people to watch the monthly DBHE talkshow on RTTL

What we do:

- Send you information on the issue, like infographics and data on youth unemployment, stories of young people, policy ideas, implementation ideas
- Offer you communication platforms for your organisation's voice or the voice of your young people. For example, a place as a panel member on the DBHE talkshow, the opportunity to write a short blog on, putting your report or information on the DBHE campaign page
- Invite you to events like the launch of the Youth Bulge Report
